**ATTN: Paul Shanoski**

Dear Mr. Shanoski,

Applicant is writing in response to a dismissal of a petition under 37 CFR § 1.1.82 in the above-referenced case mailed September 9, 2004. In that mailing, Mr. Shanoski has informed Applicant that the required showing for grant of the petition includes two elements: (1) a copy of the docket record where the nonreceived Office communication would have been entered had it been received; and (2) a statement from the practitioner attesting that the Office communication was not received and that a search of the file jacket and docket records indicates that the Office communication was not received. Although Applicant supplied the first element in the form of a mail log of all mail received from the PTO, the required statement from the practitioner was not included, and the petition was therefore denied.

To remedy this defect, I attest that I did not receive the Notice to File Missing Parts (which was dated October 17, 2003) prior to February 3, 2004, when the missing Notice was faxed to my assistant by the Office in response to a status inquiry. Further, I attest that I did search the file jacket and the mail log records, and both indicated that the Notice to File Missing Parts was not received prior to February 3, 2004. I therefore request the refund of the two month extension fee (\$420) that was necessary to respond to the Notice in a timely fashion to Applicant's Deposit Account No. 09-0089.
